/ BERKELEY

Dorset Finds may have been founded in Brooklyn, but this home-decor studio dedicated to all things vintage has found its natural home in Berkeley. The showroom/workshop is known for its impeccable restorations (Uhl Toledo chairs are a specialty) and custom-made dining tables. The owners have also assembled a wide range of industrial-chic objects, including brass desk lamps and factory stools. The shop is open by appointment only; check out its Etsy shop too. dorsetfinds.com.
